Mission & Value Statement

Mission Statement

CASV is committed to ending sexual violence against women and their children through healing, education and prevention.

Values Statement

- Embracing **Social Justice Principles** (access, equity, participation and rights) throughout all functions of the organisation.
- **Safety, Choice, Balance and Compassion** are prioritised and integrated across all aspects of service delivery and governance. These values are consistent with trauma informed care
- Dedicated to **Empowerment, Healing and Recovery.**
- **Learning and Growth** through **Collaboration** across Logan, Redlands and Beaudesert.

CASV Inc. recognises that:

- Best practice for working in the area of sexual violence is delivered from a feminist philosophy which incorporates social justice principles and the right for women to make choices regarding their own bodies inclusive of unplanned pregnancy. The CASV will support women to access all choices available to them.
- Sexual violence includes a range of unwanted behavior's including touching, sexual harassment and intimidation, coerced sexual activity, sexual assault and rape, and can include other physical violence and threat to life.
- Sexual violence is a crime.
- Sexual violence is about power acted out in a sexual way, which has a harmful impact on both the individual and society.
- The structural, economic, political and cultural values of our society give power to men, making women and children more likely to be victims of sexual violence.
- No one ever deserves to be sexually violated.
- Responsibility for sexual assault lies with the perpetrator and not with the victim, irrespective of the perpetrators age, gender, social status, cultural background, or other circumstances surrounding the assault.
